

Student Improvement When You Need It!

Orchard Now

—from the Publisher of Award-Winning Orchard Software

Orchard Now is a student achievement solution that delivers assessment scores, targeted instruction, practice, feedback, and motivation immediately to schools, teachers and students.

Eliminate the delay between receiving test scores and providing remediation for improvement.

With Orchard Now, educators receive an online educational solution empowering educators to:

- ✓ Implement the program easily with flexible Web delivery
- ✓ Impact test scores
- ✓ Administer state-standard aligned assessments
- ✓ Assign targeted, prescribed instruction
- ✓ Provide practice for reinforcement of skills
- ✓ Engage students with motivating reward games
- ✓ Monitor student progress with reporting features

Orchard Now Is Simple

PRETEST

Students are assigned a pretest correlated to state standards.

ASSIGNMENT

Students receive their scores and are immediately placed on a custom learning path, aligned to areas in need of reinforcement.

POSTTEST

Students work through instructional activities and practice, then complete their work with a posttest.

PROGRESS

Orchard Now automates data collection, analysis and reporting for easy progress monitoring.

Engaging Orchard Now Language Arts and Math Curriculum

Orchard Now includes instructional Language Arts activities for grades 1 to 2, instructional Math activities for grades 1 to 3, and remedial math for older students working at a lower grade level. Orchard Now's multimedia Language Arts and Math content addresses different learning styles and is correlated to the standards published by the National Council of Teachers of English and the National Council of Teachers of Mathematics.

Additional activities will be released. Assessments and practice are available for grades 1 to 9 Math and Language Arts as well as grades 4, 8 and 9 Science.
