

# STRETCH

your budget with **Orchard Now**

Don't wait for your students to miss the bus when it comes to mastering their standards. Make sure they pick up what they need for **increased student achievement** and **preparation for high-stakes tests**.

Orchard Now delivers online assessment scores, targeted instruction, practice, feedback, and motivation immediately to schools, teachers, and students in Language Arts, Math, and Science grades 1-9.

**Orchard Now**

Young students love the engaging Language Arts activities in grades 1 and 2 and quickly grasp Math concepts in grades 1-3 as Fibonacci the bear models how to solve problems. Older students can practice remedial Math activities from lower grade levels but in an age-appropriate format.
